If you don't know the model you purchased, you can open the order to check or contact customer service to inquire about the model you purchased.

Tips:

Each product folder may contain different sets of files depending on the model and application.

In most cases, you will find:

- User Manuals
- Technical Datasheets
- Software Setup Guides
- Hardware Reference Files
- Application Examples (for selected models)

If you're unable to find the documentation you need or have technical questions, feel free to contact us directly — We're here to help!
